Dear Parents,

We are happy to meet you through the **1st** letter of the current academic year of our school.

1. EDITORIAL

India's G 20 presidency would play an important role in promoting individual and collective action to facilitate the transaction towards a sustainable blue economy. The oceans hold many opportunities for the prosperity of our planet. It is therefore not surprising that the most prosperous cities and countries are endowed with the coast. The oceans are reservoirs of global weather and climate and support the economic well-being of people in the coastal areas.

The term **blue economy** includes not only the oceans development but also the environmental and ecological security. The government has launched bold initiatives to promote the development of blue economy such as Sagarmal initiative for promoting port led development, Sagar Manthan dash board tracks vessels in real time, Pradhan Mantri Matsya Sampede Yojana for the development of fisheries sector.

The spirit of **One earth, One family, One future** must unite the global community for the well-being of future generation.
