Dear Parents,

We are happy to meet you through the **2nd** letter of the current academic year of our school.

1. EDITORIAL

The corona virus has stolen much from us and irrevocably altered how we see our reality. Let us be **mentally strong**. Building mental and emotional strength is particularly important in times of crisis and uncertainty, and it goes without saying that the world is currently in a state of extended turmoil.

Having mental and emotional strength gives us some **invisible “muscles”** to help us through tough times and cope with life’s difficulties. Like any muscle, these can be strengthened through steady and consistent training. Let us train our mind first to be strong.

It’s not all bad news! No back benches, a stop to rote learning and **teachers in a new avatar** are some of the positive takeaways of online classes for the students.

So let us **spread positive energy**. Let us surround ourselves **virtually** with people who **inspire and uplift us**, who tend to see the larger perspective in a challenging situation.

Let us not participate in the collective fear, instead we will **send peace and healing energy to all!**

PRIDE MOMENT FOR AISV

We are glad to announce that our educator **Ms. Swetha Mohandas** is awarded two **Gold Medals** from the Maharaja SayajiRao University, Vadodara. She received one gold medal for highest CGPA in M. Ed. faculty and another gold medal for best dissertation in M.Ed. (M B Buch award)
