Dear Parents,

We are happy to meet you through the **3rd** letter of the current academic year of our school.

1. EDITORIAL

The **2-DG drug is a new ray of hope** in these challenging times as the medicine will play a crucial role in the fight against Covid-19. As per the DRDO, it helps in faster recovery of hospitalised patients and reduces supplemental oxygen dependence. Let us pay our duty and **follow the preventive measures** to contain the spread of Covid-19.

Nature provides us all with so many wonderful and useful things. Mother Nature works very hard to ensure that life can exist (and coexist) in the driest deserts and the lushest rainforests. As industry advances and the human footprint spreads, the delicacy of this balance increases more and more.

That starts with **taking care of the environment**. Coming World Environment Day let us take a pledge to make sure that we leave this place better than when we came, for the next generations whose job it will be to also look after the planet. It wouldn't be fair to hand them something we fouled up that they are responsible for cleaning up.

Humans, though often unintentionally, have the most detrimental impact on the environment. The importance of caring for the environment is absolutely paramount. We all have witnessed how the Taukte cyclone has battered the entire west coast.

Stay Safe, Stay Connected!

SAD DEMISE

We feel deeply saddened due to the demise of our founder member of the organizations - Mr. Pravinsinh Raj. We will always remember his noble deeds.

HOMAGE

Heavenly abode on 24th May, 2021

A life so beautifully lived deserves to be beautifully remembered. Please join us to mourn the passing of **Mr. Pravinsinh Raj, the founder member of the organizations.**
