June 2023 witnessed many important events and activities across the nation and the world. This year the 9th International Yoga Day marked two Guinness World Records. PM Narendra Modi led the Yoga celebration at the UN headquarters and it created a Guinness World Record for the participation of people of most nationalities, another is, Surat city witnessed a historic event, it broke the Guinness World Record for the largest gathering of people participating in a yoga session - 1.53 lakh, at a single location.

To propel global growth P M Modi has set a course to reach new frontiers. The India-U.S Comprehensive Global and Strategic Partnership are anchored in a new level of trust and mutual understanding and enriched by the warm bonds of family and friendship that inextricably link the two countries together. It will build a stronger partnership that will advance the aspirations of our people for a bright and prosperous future. "Protect, Preserve and Prosper: Go Green!" We all breathe the same air, drink water and live on the same planet. To save our planet from pollution and degradation, our little kids were explained about the importance of nature, water, trees and environment. And gifted them the basket of greenery by giving different types of plants and also did various class activities.
