

Ref: 11<sup>th</sup>/19-20/1<sup>st</sup> February, 2020

Dear Parents,

We are happy to meet you through the 11<sup>th</sup> letter of the academic year 2019-2020 of our school.**1. EDITORIAL**Let us think about the benefits **of parent encouragement and support for learning activities** to students at home:

Parents are the first and continuing educators of their children. Parental involvement in schooling is critical to children's education. Building effective partnerships between parents, families and schools to support children's learning **leads to improved learning outcomes**. Children of involved parents are more likely to feel that they're accepted, included and respected everywhere. The **Higher grades** and **better behaviour** are just a few of the benefits of parent involvement which increases the confidence in the children.

You don't have to log hundreds of hours for your child to benefit. Even if you can only volunteer a few minutes daily or few hours a week, that will do - every little bit count. Set aside time for kids. Just be a role model. Prioritize child's learning providing pleasant atmosphere, reward them for results. Help them relax. Be a good friend.

**AISV** insists on the same and thus works with Parent's collaboration at frequent intervals. The active participation of parents in the various events is the beautiful evidence of the same which is once again reflecting in the Annual day of the current session - **Melange 2020**

All the dear parents are invited to witness the great show of the young & energetic Amicians and their parents on **9<sup>th</sup> Feb 2020**.
