Dear Parents,

We are happy to meet you through the 4<sup>th</sup> letter of the current academic year of our school.

## **1. EDITORIAL**

Love for the nation and the zeal to submit oneself to any kind of hardships for the sake of one's country is patriotism. It inspires people to live, love, fight and die for the country. For a patriot, no sacrifice is big enough when it comes to protect the honour of his country. He can even sacrifice his life for his nation. Such seeds of Patriotism can be sowed in the heart of youth right from childhood, be it at home or in schools, colleges and any institution.

We as a school have a very special responsibility to cultivate and develop the feeling of love and devotion for one's country and a sense of alliance and brotherhood with its citizens. Parents also play an important role in the same and we request the parents to have such conversations with their children that develop a strong patriotism towards their country and make the country move forward.

"Indian Army"- When we utter these two words, our heads get down with respect and gratitude to their sacrifice and nobility. From the icy terrain of Himalaya to the scorching heat of desert, they guard us as their family all day and night without complaining.

From the dawn of our independence, they keep us guarding from the intruders, terrorists and other external attacks. Since 1947, we have faced wars and in each case, even in worst condition, we have snatched victory from enemies with the help of our powerful, devotional and extremely talented Indian Army.

We are grateful to our great Indian army and touched by the way how bravely our soldiers carry out their duties. Their love for the country, struggle, braveness and heroism can never be matched by others.

Dear Soldiers,

You all are special. We salute every army man for his selfless services and we wish if every citizen of this country shows the same willingness like you for the motherhood that will be the beginning of India's glorious future.
