EVENTS AND CELEBRATIONS:

National Science day:

National Science Day is celebrated in India on **28 February** each year to mark the discovery of the Raman effect by Indian physicist **Sir C. V. Raman** on 28 February 1928. The day is celebrated to spread a message about the importance of science used in the daily life of the people, to display all the activities, efforts and achievements in the field of science for human welfare. Amicus International School, Vadodara observed the national science day on **25 February** by showing the presentation on the importance of the day. It encourages the students to develop scientific temper as well as to popularise science and technology in their lives.

Achievements:

Ananya Kumari of Grade 4, received the **Gold medal of excellence** in the International Mathematics Olympiad (IMO) organised by Science Olympiad Foundation (SOF)
